Post master Albany N.Y. } Mint of the United States
Philadelphia 12th September 1816

Sir
Your letter of the 5th to Mr Dallas, respecting a supply of cents and half cents for the use of your office, has been by him referred to me as Director of the mint.

You will therefore sir please to be informed that no half cents can be expected for some time to come, as the mint does not issue Cents of Cents each containing $150. will be thankfully at any time delivered to your order on his paying the amount in legal specie, agreeably to a regulation of the Treasury department.

I am Sir
Your respectfully
Rob^t Patterson

Thomas E. Tucker Esq^r
Treasurer of the United States
Washington City

Philad^a 30th September 1816.

Sir
I herewith enclose you my accounts of the distribution of Copper coins made from the 18 June to the 30th September 1816 amounting, as per statement to D^rs 18075.38 which amount I have received by me in specie, and deposited to your credit in the Bank of Pennsylvania, as you will see by the enclosed receipts of the said Banks — the one dated 12th September for D^rs 18[illegible]
the other dated 20th September D^rs 18[illegible]

The demand for Cents being so very urgent, the applicants must submit to be supplied them at their own charge & risque you will therefore observe that the account of charges thereon, herewith rendered is very small, containing little more than my commissions for distributing same. This account amounts to D^rs 94.50 and is accompanied with vouchers, and my receipt at bottom, agreeably to your request.

The Banks generally, being entitled one of [illegible] which the demand for Cents still increases. The Mint is endeavouring to accomodate them as much as in its power.

I am very respectfully
Sir Your ob^t Serv^t

Philad^a 23d December 1816

Sir
I herewith enclose you my account of distribution of Copper coins made from the 1st October to the 20th December 1816 inclusive amounting as per statement thereto annexed to D^rs 18013.77 which amount has been received by me in specie and deposited to your credit in the Bank of Pennsylvania as per receipt of the said Bank — also one dated 10th November for D^rs 4078.77
the other dated 20th December D^rs 4935.00
D^rs 18013.77

The Account of charges on the distribution accompanies this letter and amounts to D^rs 105.78 accompanied with a voucher and my receipt at bottom.

The whole stock of Copper is now coined, so that no more cents can be issued until more Copper is received from England which will probably not be before next spring.

I am very respectfully

Sir
In my letter to you of the 12th April, I promised that I would acquaint you when the coinage of copper cents commenced at the mint, in order that you might obtain the supply of cents you demanded to say 200 D^rs
The Coinage has now commenced, and a note can be supplied from the Eastern exchange for specie or State Bank notes

Thomas T. Tucker Esq.
Treasurer of the United States
Washington City

Philad.a 6th October 1817.

Sir

I herewith inclose you my account of the distribution of Copper Coins, made from the 1st June to this day; amounting to D.rs 1884. The monies received for which have been deposited to your credit in the Bank of Pennsylvania; as you will find by the inclosed receipt from the President of the said Bank, dated this day.

The Account of charges on the distribution, accompanies this letter, and amounts to D.rs 190.47. together with a voucher, and my receipt at bottom of the account.

Not having had a stock of copper on hand, we were not enabled to begin the coinage of cents until the latter end of may; since which time we have received a considerable supply; And are in expectation of being kept at coining without interruption. The demand for cents till this time has been great.

Supposing it would be more agreeable to you that the monies received by me for Copper coins should be lodged to your credit in the Bank of the United States; I shall so do in future, unless I receive your orders to the contrary.

I am respectfully
Your Obd.t Servant,
James Rush

Thomas T. Tucker Esq.
Treasurer of the United States

Philad.a 19th January 1818

Sir

I now enclose you my account of the distribution of Copper coins, from the 6th October last to the 16th instant; amounting to D.rs 23.420. The money received therefor has been deposited to your credit in the Bank of the United States, as you will perceive by the receipt of the Cashier of the said Bank, herewith enclosed.

The account of Charges on the distribution, accompanies this letter, and amounts to D.rs 301.42, together with a voucher, and my receipt at the bottom.

The demand for copper coins is still considerable; we have coined all the stock of Copper we had on hand, and although we have written for more, we doubtful whether we shall be supplied as [illegible] in England has risen considerably this winter.

I am &c.

Sir

I have received your letter of the 26th October, enclosing a draft on the Bank United States for Fifty Dollars, and requesting to forward you that amount in cents. In pursuance whereof, I inclose you a receipt of Capt. John Rand, of the schooner Milan, for a box with your name marked on, and containing that amount in cents. The schooner will sail in two or three days, and I hope they will arrive safely to hand.

I am respectfully Sir &c.

Philadelphia 10th April 1820

Sir

I have received your letter of the 8th April, requesting me to forward to your office an account of Copper Coins distributed the first instant. In compliance therewith I now enclose the account made up to that time, amounting to Dollars 17,115. the money for which has been credited to you in Bill at the Bank United States as per the Cashiers Receipt herewith. The account of Charges with distribution accompanies the account, and amounts to Dollars 119.79 - together with the vouchers & my receipt at bottom.

The distribution during the winter having been so small is the reason I did not send on my account sooner. We have a large quantity of coined cents on hand, but the demand for them is very small. We hope it may grow better during the summer.

I remain &c.

Sir

I herewith hand you my Accounts and Vouchers of the distribution of Copper coins from the 1st April to this day inclusive amounting to Dollars 7820. - the money received therefor has been deposited to your credit in the Bank of the United States, as per the Cashiers Receipt herewith handed.

The account of charges on this distribution accompanies the account, and amounts to Dollars 120.06 with the vouchers, and the receipt at bottom.

The demand for Copper Coins during the whole of this year has been very small. You will perceive that I have now a large quantity laying on hand. This being the case, it is not likely that you will receive another account of distribution until next spring.

I am respectfully Sir
Your ob. Servant

The demand for Copper coins during the whole of this year and especially during the last six months, has been very small, is the reason why, with due submission, the account has been delayed to a second quarter. You will perceive by the accounts that I have now a large quantity laying on hand for distribution. It is not likely that the demand for copper will increase until next spring.

Mint of the United States
October 6th 1820

Sir

Since the time you were pleased to appoint me as your Agent for the distribution of copper coins from the mint, I have distributed of those coins about $18000. and that without any expence for transportation, as the coins were all received immediately from the mint. But for some time past, the applications

for these coins to any considerable amount, has greatly diminished, so that at present the amount in our vaults exceeds Dr 10,000. And as the coinage still continues, this amount is daily increasing. It seems therefore, now necessary, in order to promote this distribution, to defray the expences of transportation; this however will be done with as much economy as possible, and the President of the Bank of the United States, has assured our Directors, that he will cheerfully lend his aid to this desirable object, as far as in his power. But Sir, I would respectfully suggest the propriety of extending the payment of these expences which by your letter of instructions, is confined to waterr carriage, to those of land carriage also, though in a limited proportion. The act of Congress of march 3d 1795 will be observed, makes no distinction.

The profit which the government derives from their copper coinage [not less it is believed, than thirty per cent] independently of the great advantage to the community at large, in the dissemination of small change, would fully justify all the expences that would be incurred, in their transportation both by land & water.

I am respectfully
James Rush.

Thomas T. Tucker Esquire

Philad.a October 9th 1820

Sir

In a conversation with the President of the Bank of the United States, since the date of the letter which the Treasurer of the mint, as your agent, addressed to you, on the subject of the distribution of the Copper coins, he suggested a difficulty which would probably occur, in complying literally with the requisitions of the Secretary of the Treasury, namely, that of procuring a parcel destinated for full and immediate payment of like amount to be received in specie or Treasury notes, and not otherwise.

The President would address a circular to all the Branches of the parent bank, inquiring what amount of copper coins they would severally require, and also through them, what amount would be taken by their neighbouring state banks &c. Your agent how would then ship off these several amounts, paying freight and insurance,

and upon their receipt, drafts would be transmitted for said amounts on the parent bank, probably, in favour of the Treasurer of the mint, or in any other ways which you sir, or the Secretary of the Treasury may prescribe.

Your agent will wait for further instructions on this point, and if practicable, have the measure put in operation before the approach of winter.

Phila. 11th April 1832

Sir

In answer to your letter of the 9th instant, I herewith enclose the certificate of a deposit of Silver Bullion made by the Phoenix Bank of N York, together with an abstract of the Assayers report on the separate assay of each of the bars, as received by you —

Bar No	Grains Nos		Grains Nos	
	Gross 1000	5 contains Standard	1115	10
	930	15 ditto ditto	1115	1
	979	15 ditto ditto	1091	1
	988	10 ditto ditto	1091	12
	2005	5	4317	10

The amount of the whole being $ 8097 — 11 — 5 — The value of each bar in dollars may may be obtained by calculating the Standard waste at the rate of 15 Grains equal to 15 Dwt 336 Grains equal to one dollar —

The Coinage in quarter dollars will probably be completed in six weeks: in Halves it might be obtained in four weeks —

I have the honor to be &c

Mr Henry Esquire, Cashier of the Bank of Utica — Mint of the United States, Phila.a 28th May 1832

Sir

Your letter of the 25 instant, to the director of the mint, respecting cents and dimes, has been referred to me, as agent for the distribution of copper coins, and in reply have to inform you that on the receipt of such a certificate as you mention, the cents will be transmitted with all convenient speed, put up in kegs or boxes of fifty dollars each, as you desire. We wish however, that you would be content with a few of a larger size, say about $100, which would be much more convenient for us, as we are already furnished with such. Dimes, to any moderate amount, say not exceeding $1000, will be obtained at the mint, & transmitted at your expense, in a very short time after the receipt of an equal amount of Spanish dollars, or other foreign silver. We shall attend for you further on this subject.

Sir Having regularly forwarded my account of the distribution of Copper Coins for the quarter ending the 31st December 1824, and as you do not settle the amount of expenditure incurred in the distribution is generally received by the 20th of the most months following such returns, and as until the present ~~the present~~ time I have heard nothing upon that subject, it induces me to suppose either perhaps the draft has been regularly forwarded for that amount and by some miscarriage has not come to hand. For this reason I take the liberty of addressing you on this matter, hoping you will give attention thereto—

I am respectfully Yours

Messrs Whitehall Saudent & Co
New Orleans

Gentlemen You have herewith a bill of lading for eight casks of Copper Coins amounting to $1065 shipped to you & order for the purpose of being forwarded to Louisville Kentucky. On the arrival thereof please to have them forwarded accordingly with all convenient dispatch by one of the steamboats, considered as offering to the best advantage, and by the earliest opportunity. You will observe that the Coins are packed in a dry state & while in your care you will be careful to have them duly protected from dampness. Please to effect insurance to Louisville on $1065 to cover charges & risk to and while in your friendly care for payment, the amount of which together with the charges incurred in your part, including the premium on insurance will be charged in your account, which you are requested to discharge with the freight to Louisville, which shipment is made at the request of the Treasurer of the United States, by the way of Pittsburgh. The Copper Coins distributed by the Government have generally been found to please in their Western localities, but the present is the first experiment of their transmission in this Mint Coinage & it would therefore be desirable to have it conveyed in safety to its destination. I am respectfully &c
James Rush

The costs are to be forwarded to Edward Shippen Esq Cashier of the Branch Bank United States at Louisville. You will please to inclose him a bill of lading for the amount of your shipment

For which you will please to draw on me for the amount in the usual way taking notice that the freight & charges on the keg of Silver Coins are not to be charged to my account, but being the exclusive property of the Bank United States, must be paid by that Bank.

We have been much disappointed in receiving the charges on the 6 Casks forwarded to you in August last, for the

Bank at Cincinnati as we omitted to as much more than those with 8 Casks forwarded to Louisville. The former amounting together with your draft to $87.85 and the latter only to $32.25. Whether this difference arises from neglect of paying same at New Orleans we cannot say, but if the expenses of transportation in this route continue at so high a rate, we shall be obliged to abandon it, and return to the former one of land carriage by the way of Pittsburg

Mssrs. Mr Kee Clarke & Co.

Gentlemen

I forward herewith, two Drafts one for two casks containing copper coins, which I wish you to forward as addressed to the Cashier of the Bank of Chillicothe paying the expense thereon, as it is our object to have them delivered free of charge. The amount of said expenses with your charge for forwarding please hand to my friend Mr. Robt. Vattier, who without further advice on the subject will be so kind as to discharge the same and allow me to settle the Account thereof with his agent here.

Please inform me whether it will be convenient for you to receive consignments of packages containing coins when we may have occasion to forward them from time to time and transmit them to their destination in the event paying the expense thereon and at convenient intervals sending your Account to the Treasurer of the Mint for settlement

Very respectfully
Yours &c
Sam. Moore.

Dear Sir,

In reply to your letter of the 2d instant, in relation to two boxes and six casks of Coins, shipped on board the Schr. Tom on the 22d of November last, I have to state that I believe I shall be justifiable by commercial usage, to authorize you to sign the average bond which you allude, and which I hereby do accordingly.

It may be proper to remark, that the two boxes referred to were shipped for the Bank of the United States and is bound for the average Ship Master.

You will be pleased to correct the misnomer of the Bank to which your ~~Draft~~ (check) was given (check) from the directions given for the shipment) and forward the coin to the proper Bank, by any channel you may deem proper, with as little delay or expence, and render a separate account for the expences of transportation of the boxes and Casks.

My respectfully
your obt. Sert.

Mint of the United States Feb. 4th 1833

Dear Sir,

The account contained in your letter of the 28 ultimo, to send you a certain amount of different Coins at the expence of the Government, cannot be complied with in relation to Silver Coins. The officers of the Mint are not authorized to forward Coin other than ~~Copper~~ that of Copper at the expence of the Government, to any place. The Casks in which the Coin are kept at the Institution contain, ~~respectively~~ $ 920, and it would produce some inconvenience to send a less sum, but which must be submitted to if you should not wish to receive that amount.

If therefore you forward a draft from Bank

or individual, on a bank in this City by ~~which~~ it may be accepted for an amount exceeding the Amount which you may desire to receive in Cash, they shall be shipped as soon as practicable, to whom and where you may direct and the expense of transportation paid by the United States Disbursing Agent in this City

Very Respectfully your

Dear Sir

I have this moment received a letter from you without date
The four casks of Copper to which it alludes directed to J. R. Handy Cleveland
Ohio were at the request forwarded to the care of Messrs Thos Ward & Co
New York, otherwise they would as usual, been ~~forwarded~~ addressed to
the care of Mr J. H. Furniss.

I am pleased to learn that they have ~~not~~ safely been forwarded to their place of destination. The freight from this to New York
and the expenses incident thereto were paid here and on the 23d day
of July last fifteen dollars were advanced to Mr Thomas Underwood
to defray the Charges of transporting them from New York to Cleveland
if this sum should not be sufficient for the purpose the balance that
be paid

Very respectfully yours
For William Findley
John J Bengst

Mr R. Patterson

Philadelphia
Mint of the U. States, Augt 20. 1834.

Dear sir,

Your letter of the 15th came to hand
on the evening of the 19th instant. It is to be
regretted that the 4 Casks of cents in question
were requested to be forwarded to their place
of destination, through any other channel
than by the hands of Mr Furniss, as it may
lead to some confusion.

Of Mr Thomas Underwood I know nothing,
more than that he paid the money for the Cents.
From which it would appear, that Mr J. R
Handy had constituted him his agent to
and settled nothing as appears to him of the transaction
the business of. In this case therefore the demand
and not the United States, must be responsible
for the conduct of his agent. It is possible
that he may pay the sum advanced to Mr Handy

In any event, the balance of the account for
freight from N. York to Cleveland, as before
intimated, shall be paid. Very respectfully
Your Obt Servt
(Signed) Wm Findley

A. G. Penn, Esq.
New Orleans, La.

Sir,

I have received from the Post Master General your letter of the 9th inst. to him, in which you ask him to direct Dr. Patterson of the Mint or the Treasurer to have One thousand dollars in copper coins, forwarded to you at New Orleans.

The Act of Congress provides that the copper coins may, at the discretion of the Director, be delivered in any of the principal cities and towns of the United States at the cost of the Mint of the transportation; and it is made the duty of the Treasurer of the Mint to deliver the copper coins in exchange for their legal equivalent in other money to any person who shall apply for them. You will be pleased therefore, to advise

the Treasurer of the Mint, whenever you are in want of copper coins, and thereby save to draw upon you for the amount, or sending remittance in bills payable in specie funds.

I have shipped to you address, this day, per Ship Robert Burton, three thousand dollars in copper coins asked for in yours of the 7th. inst. and have drawn on you at sight for One thousand and twenty six Dollars, to cover the values of the coins and their expenses—

Insurance on $ 1027 @ 1½ Pct. $ 10.27
